Add Codes

Once classes have closed, students may add a class on a space available basis. Students may go to the class and receive permission from the instructor to add the class. The instructor will give the student an add code that will allow the student to add the course on the Student Portal.

To use an Add Code enter your SID and PIN code at www.santarosa.edu/portal. Choose the semester and select Add/Drop/Register. Enter the course section number. You will be informed that the class is closed and that you need an Add Code. Enter the Add Code and press "Complete Transaction". Be sure to complete all steps and print a copy for your records.

Enrollment services via the web are available 24 hours a day with occasional downtime for scheduled maintenance operations.

Adding and Dropping Classes

Students must have a current application on file or be in continuing status before they can add and drop courses.

Adding/dropping classes are not automatic and can be accomplished only on the Student Portal (www.santarosa.edu/portal) or through one of the Admissions and Records Offices.

Filing an official drop is always the student's responsibility. Failure to drop, if withdrawing from a course, will result in a debt and/or failing grade. Any student enrolled in a course who misses the first class meeting may be dropped from the course by the instructor. But do not assume instructors will add or drop for students! **It is ultimately the responsibility of the student to drop the course and keep a record of the transaction.**

Enrollment Fees: All students are required by state regulations to pay an enrollment fee. Details about exemptions, waivers, deferments and grants related to this fee are available in the Financial Aid Office at the Santa Rosa Campus, Mon.-Thurs. 8am-5pm and Wed. 8am-7pm. Petaluma Campus Business Services hours are Mon.-Fri. 8am-5pm.

Non Resident and International Student Tuition: A California resident is one who has established legal residence for one year prior to the first day of instruction (determination date for the Spring 2019 term is January 13, 2019). Students who are residents of other states wishing to change their residency must show intent to remain. Just being present does not prove intent. Reasonable evidence of permanent stay in California determines state residency. Such as: local voter registration, employment verification, DMV documentation, state income tax and other proof of California residency. The State of California requires all Non-Resident students and International Students to pay the non-resident fee per unit AND capital outlay fee per unit in addition to the enrollment fee.

Note: AB540, Exemption from Non-Resident Tuition for certain eligible California high school graduates. For more details, refer to the Admissions homepage on the SRJC website https://admissions.santarosa.edu/nonresident-tuition-exemption-ab540.

Health Services Fee: SRJC charges a fee to support the operation of Health Services. This is a state-mandated fee with waivers for students who depend exclusively on prayer for healing, approved apprenticeship and audit students, incarcerated students, and students enrolled in only "0" unit courses. All students enrolled in credit courses will be required to pay the health fee, including students qualifying for BOG fee waivers.

Student Transportation Fee: The Student Transportation Fee is collected to reduce or eliminate transit fares for services provided by common carriers or municipally-owned transit systems; this could include Sonoma County Transit, Santa Rosa CityBus, Petaluma Transit and the SMART Train. This fee does not apply to students enrolled in non-credit classes or those enrolled in the Temporary Assistance for Needy Families Program, the Supplemental Security Income/State Supplementary Program or the General Assistance Program.

Student Representation Fee: The Student Representation Fee provides support for student representatives who state positions and viewpoints before city, county, and district governments and before offices and agencies of the state and federal government. Students may opt out of paying the Student Representation Fee for religious, political, financial, or moral reasons.

Terms and Definitions

Student Center Fee: The Student Center Fee is collected to support events, programs, activities, services, operations, and other projects as permitted by California Education Code, including financing, constructing, enlarging, remodeling, refurbishing, and operating a student body center. This fee does not apply to students enrolled in non-credit classes or those enrolled in the Temporary Assistance for Needy Families Program, the Supplemental Security Income/ State Supplementary Program or the General Assistance Program. **Fees are subject to change by the California legislature and/ or the SRJC Board of Trustees.**

Students are urged to consult a counselor with any questions about degree requirements. Students transferring to a university are encouraged to complete the associate degree.

Official transcripts from all colleges previously attended should be submitted as part of the graduation evaluation process. This process reviews course work completed at SRJC and, if applicable, compares transfer college course work with the SRJC associate degree requirements. Applicants are notified by mail of their eligibility for the degree.

Terms and Definitions

Repetition of Courses and Withdrawal

Students repeating a course, in which they previously received a substandard grade of D, F, NC, NP, and/or a W symbol are limited to three enrollments total. Students are advised to carefully choose their courses each term to ensure successful completion. These regulations are retroactive to the fall 1981 semester; therefore, some students may find that they have already exhausted the repeat and withdrawal limitation of three enrollments. Students may petition to enroll in the course a fourth time and may be approved based on documented extenuating circumstances. Students can view their records and their list of "unrepeatable courses" in their Student Portal.

Retake Codes

There are limitations on the number of times a student may repeat a course. In the following schedule, all courses with NO repeat notation following the course descriptions may be repeated once if a grade of D, F, or N/C was earned. A student may petition to repeat a course beyond the limitations listed on the course providing that there are extenuating circumstances (such as verified cases of accident, illness, or other circumstances beyond the control of the student), or because there is a compelling need or benefit that exists and that the District accepts through the petition process. (Please see the current College Catalog or Board Policy 8.1.16 for further information.)

	Course Repeat Codes

22	May be taken four times in any combination of levels (e.g., beginning, intermediate, advanced)

SRJC will continue to collect Social Security Numbers, as they are necessary for Financial Aid recipients, Federal Tax credits and State data reporting, however the SID number will be printed on all SRJC documents and records.

Transcripts

Upon request to the Admissions, Records & Enrollment Development Office, the first two official transcripts ever requested will be issued without charge for each student. Thereafter, each official transcript will cost $5.00 each. An additional fee of $5.00 will also be charged for PICK-UP requests. No transcripts will be issued for any student who has an outstanding financial obligation to the College. Transcripts are normally sent out in 5-7 business days. Unofficial transcripts may be obtained via the Student Portal (www.santarosa.edu/portal) or in person with a photo ID at no charge. Wait Lists

During priority registration and prior to the beginning date of the class, a number of enrollment slots beyond the maximum class size may be available on a "Wait List" (WL) basis. **Note: Not all classes will offer wait lists**. If students enroll on a computerized wait list, they are expected to pay all appropriate fees and cannot enroll in classes that conflict in time with "WL" classes nor can they enroll in another section of the same course for which they have "WL" status.

Wait-listed students are expected to attend the first class meeting, or log on by 11:59pm of the first day of the official start of the class for classes that meet online. It is the student's responsibility to be aware of his/her status in the class. Drops by other students will automatically advance student's position on the wait list and enrollment may be secure by the time classes begin. **Wait listed students do not need an add code as they are already registered in the class as a wait list student and will advance if not dropped.**

The placement process is designed to help determine the appropriate levels of courses that students need to take in mathematics, English, or English as a Second Language (ESL.) After receiving a course placement, you may enroll in that course or a lower course level. In addition, your course placement information may be helpful to you if you are interested in taking other courses at SRJC. Placement testing is offered year round.

Students may fulfill the Assessment requirement in a subject area (Mathematics, English or ESL) through one or more of the following:

a. Completing an equivalent course at a post-secondary accredited institution in that subject area (the course will determine placement.)

b. Earning a qualifying AP score or IB exam score in the subject area (students should contact Office of Admissions and Records for details.)

c. Having obtained a placement result using Chancellor's Office approved instruments/methods. Placement methods will be in compliance with Assembly Bill 705, effective for Summer and Fall 2019 enrollment

El personal del departamento de asistencia económica está disponible para asesorar a los estudiantes con asuntos y preguntas relacionadas con el financiamiento de su educación durante su estancia en Santa Rosa Junior College (SRJC). Cada año más de 13,000 estudiantes reciben cerca de 30 millones de dólares en becas federales, becas estatales, exención de cuotas de inscripción, programas de trabajo/estudio federal y préstamos estudiantiles que les ayudan con los pagos de cuotas de inscripción, libros, materiales, hospedaje, transportación y otros gastos para su educación. El proceso de ayuda federal y estatal toma varias semanas. Entre más pronto presenten su solicitud, tendrán más oportunidad de recibir información acerca del proceso de su solicitud, así como estar informado (a) y saber si reúnen los requisitos antes de que comience el semestre escolar. Tips for How to Use the Final Exam Schedule

The Final Exam Schedule is applicable to classes at all Santa Rosa Junior College locations.

1. Classes not covered on the finals schedule above will meet during a time arranged with the instructor in the class.
2. If your ***class meets only one day a week***, the final will be on the regular class day in the timeframe listed above. For example, if your class meets on Tuesdays only from 1-4pm, your final exam will be on Tuesday, May 21 from 10:00am - 12:45pm.
3. Students with final exam scheduling conflicts should see the instructor of each class to make necessary arrangements.
4. If you have questions or concerns regarding final exams, please contact the department chairperson/director.

Classes that meet for less than the full semester (18 weeks) will have their final exam, project or review activity at the last class meeting. A final examination, project or review activity will be given at the last class meeting of every course. (Board Policy 3.15)

Financial Aid

The Financial Aid department is here to assist with the issues and questions that may arise as students finance their education at SRJC. Each year, over thirteen thousand students receive about $30 million from grants, fee waivers, workstudy and loans to assist with the costs of enrollment fees, books, supplies, room and board, transportation and other expenses related to completing an education at the college.

The federal and state aid process takes several weeks! Early applicants are more likely to know their eligibility before the start of the semester. Eligibility is determined according to the student's and/or the parents' financial circumstances and the student's satisfactory academic progress. Financial Aid encourages students to complete the Free Application for Federal Student Aid (FAFSA) as early as possible. You may complete the FAFSA on the Web (www.fafsa.gov) which is sent electronically to the Central Processing System. SRJC's school code is 001287.

Students interested in receiving financial aid for only the Spring Semester should have their financial aid application submitted to the Central Processing System by the previous November 1st, to have the Financial Aid Office review the information and notify students of their eligibility. Application information is available in the Financial Aid Office on the Santa Rosa campus in Plover Hall and on the Petaluma campus, 109 Jacobs Hall. For more tips and details, please visit the financial aid website: financialaid.santarosa.edu. Keep in mind that Financial Aid must be re-applied for each school year.

Alcohol/Drug Free Campus

Santa Rosa Junior College is fully committed to achieving a drug and alcohol free environment for its students and employees. The Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989 require that, as a condition of receiving funds or financial assistance under any Federal program, SRJC must create and maintain a drug-free environment and implement a program to prevent the unlawful possession, use, or distribution of drugs, and the abuse of alcohol, by its students and employees.

Regulations: In addition to being a violation of the State and Federal Laws, the possession and/or use of alcohol or illegal controlled substances on the SRJC campus, off-campus centers, and College-sponsored activities is forbidden by College regulations. SRJC is concerned with your welfare and that of other students attending the college. This information is provided to you to make you aware both of the possible penalties that can result in regulation infractions of College rules and to inform you that if you have a drug or alcohol-related problem you are encouraged to have a confidential visit with a College counselor or a health services staff member.

Possible Disciplinary Actions: The following forms of discipline may be imposed on a student or employee who is found guilty of violations of College regulations. Such discipline may include reprimand, probation, suspension or expulsion, and/or job termination. For specific information concerning the discipline process contact the Dean of Student Conduct (524-4906) or the Human Resources Department (527-4954).

Note: The Federal Government mandates that Santa Rosa Junior College provide alcohol and controlled substance information and referral information to the staff and students annually. A Spanish translation of this information is available at the SRJC Information Desk.

The completion rate of 34.84% was based on the 2014 cohort as per Student Right to Know (SRTK) regulations. SRJC's completion rate (34.84%) is significantly higher than the average statewide community college rate (30.36%).

The Vice President of Human Resources is responsible for Santa Rosa Junior College's equal opportunity efforts, and reports directly to the Superintendent/President on these matters.

The lack of English language skills will not be a barrier to admission and participation in all academic, vocational, cultural, and social programs and activities at the college.

Board Policy 2.7 (Unlawful Discrimination and Sexual Harassment) and Procedure 2.7P (Unlawful Discrimination and Sexual Harassment Complaint Procedures) prohibit unlawful discrimination and sexual harassment. Board Policy and Procedure 8.2.8 and 8.2.8P (Student Conduct and Discipline Due Process) prohibit student conduct that constitutes gender discrimination, sexual harassment, sexual assault and sexual misconduct as defined in Board Policy 2.15.

The District is committed to preventing sexual misconduct from occurring or recurring; to responding to reports or complaints about prohibited sexual misconduct by taking prompt and effective steps to end sexual misconduct; to eliminating hostile educational environments; and to providing remedies if improper conduct is found to have occurred.

Sexual Misconduct. Sexual misconduct includes discrimination based on gender, sexual harassment, dating violence, domestic violence, sexual assault, stalking, sexual violence, sexual coercion, and hate crimes based on gender.

Non-Retaliation Policy

It is unlawful for anyone to retaliate against someone who files an unlawful discrimination complaint (including a complaint alleging sexual harassment); who refers a matter for investigation or complaint; who participates in an investigation of a complaint; who represents or serves as an advocate for an alleged victim or alleged offender; or who otherwise furthers the principles of this unlawful discrimination policy.

20 U.S.C. § 1681 et seq.; 34 C.F.R. § 106; Cal. Code Regs., Title 5, § 59300 et seq.; Revised Sexual Harassment Guidance: Harassment of Students by School Employees, Other Students, or Third Parties, Title IX, Office of Civil Rights, January 19, 2001.

The Sonoma County Junior College District, in compliance with State Regulation, Title VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972 and § 504 of the Rehabilitation Action of 1973, does not discriminate on the basis of race, religious creed, color, national origin, ancestry, ethnic group identification, physical disability, mental disability, medical condition, genetic condition, marital status, sex, gender, gender identity, gender expression, genetic information or sexual orientation in any of its policies, procedures or practices; nor does the District, in compliance with the Age Discrimination in Employment Act of 1975, discriminate against any employees or applicants for employment on the basis of their age. This non-discrimination policy covers admission, access and treatment in District programs and activities--including but not limited to academic admissions, financial aid, educational services and athletics--and application for District employment. In conformance with the requirements of Title II of the Educational Amendments of 1976, amending the Vocational Education Act of 1963, the College is committed to overcoming sex discrimination and sex stereotyping in vocational education programs.

Investigation

Reports of complaints of discrimination and harassment that proceed to investigation will be investigated by a person knowledgeable about discrimination matters and the investigation process will include, at a minimum, interviewing the complainant, other relevant witnesses, and gathering pertinent documentation.

2018-19 ASSOCIATE DEGREE INFORMATION

Catalog Rights

Graduation requirements for an associate degree are determined according to the *Catalog* in effect at the time of initial enrollment. In order to maintain catalog rights, a student must be in continuous enrollment; that is, enrollment in at least one credit course during each successive academic year. For the purpose of catalog rights, the academic year begins each fall and ends with the subsequent summer session. When a break in enrollment occurs, graduation requirements are determined according to the *Catalog* in effect when enrollment is resumed. Students may choose to graduate under the *Catalog* requirements in effect at the time of the petition to graduate.

Unit Requirement

Complete 60 or more units in courses numbered 1-299. Plan your course of study carefully with a counselor.

Residence Requirement

Enrollment during the semester in which the degree is granted. A minimum of 12 units must be completed at Santa Rosa Junior College.

Scholarship Requirement

A grade point average (GPA) of 2.00 (C) or better in all Santa Rosa Junior College and transferred coursework submitted toward the degree. For students admitted Fall 2009 or thereafter, a grade of C or better (or P) is required for each course applied toward the major.

Major Requirements

Complete a major course of study of at least 18 college units from the Santa Rosa Junior College list of approved majors. A course may be used to satisfy both a General Education requirement and a major requirement (Title 5, 55806). Within the major, a course may be used only one time to meet a major requirement. Major programs and their requirements are listed in the college catalog or you can view the current list on the Major's Requirement page on the SRJC Website. Click here to view now.

General Education Requirements

Students have three options in meeting the General Education requirements toward earning an Associate in Arts or an Associate in Science degree at Santa Rosa Junior College:

- Option A – Complete 23 units of general education requirements as outlined by the Santa Rosa Junior College catalog, **or**
- Option B – Complete the California State University (CSU) General Education-Breadth requirements (full certification), **or**
- Option C – Complete the Intersegmental General Education Transfer Curriculum (IGETC) (full certification).

Degree Honors

Degree honors are determined by the student's overall grade point average and include transfer work submitted to SRJC. A student who has maintained a GPA between 3.20 and 3.39 will be graduated with honors; 3.40 and 3.59, with high honors; and 3.60 or higher, with highest honors.

Multiple Majors

It is possible for a student to be awarded more than one major upon graduation, providing that all requirements are met for each major. For multiple majors, a single diploma with all majors listed will be issued. If one major leads to an Associate in Arts and the other to an Associate in Science, two diplomas will be issued.

Associate Degree for Transfer (AA-T or AS-T)

Students pursuing an Associate Degree for Transfer (A.A.-T or A.S.-T) must utilize the Option B CSU GE Pattern or the Option C IGETC Pattern. For specific details and requirements please meet with a Counselor for Education Planning. You can also click here to view the Associate Degree for Transfer and the Associate Degree information page for more details. Option A: Associate Degree Graduation Requirements and General Education Pattern is not allowed for use towards an A.A.-T or A.S.-T.

2018-2019 NOTES ON CSU GENERAL EDUCATION-BREADTH REQUIREMENTS

Students having 60 transferable semester units with a "C" average (2.0) will be eligible to transfer to a California State University providing a minimum of 30 units in GE, including all of Areas A and B4, is completed with grades of C or better (or P). SRJC courses numbered 1 - 99 will transfer to the CSU for units. At some CSUs, GE completion may be a factor in admission to certain majors. Talk to your counselor about your major and target CSU campuses.

Completion of the CSU General Education Pattern (full certification) is one option (Option B) in meeting the General Education Requirements toward earning an Associate in Arts or an Associate in Science degree at Santa Rosa Junior College. Please refer to the Associate Degree Option A worksheet, page two, or the current SRJC Catalog for information on additional graduation requirements.

Full Certification: Students admitted to a CSU campus with *full certification* may not be held to additional lower division General Education Requirements. Full Certification means successful completion of the **39** lower-division semester units as indicated in the GE Areas above.

Subject-Area Certification: Completion of one or more areas as stated above. Student admitted to a CSU campus with subject-area certification may not be held to additional lower division GE coursework in the subject areas certified.

All students will be required to complete 9 upper division General Education units after transfer to a CSU: Neither full certification nor subject-area certification exempts students from unmet lower division graduation requirements that may exist outside of the General Education program of the campus awarding the degree.

Effective Term Notation: Effective terms noted after some courses reflect a beginning term of GE credit. For example, COUN 90 [F06} denotes that this course must have been completed in the Fall 2006 semester or later to meet the CSU GE requirement

Advance Placement Credit: For more information about using Advanced Placement (AP) credit to fulfill GE requirements, please see SRJC's Advanced Placement Exam Credit Worksheet by clicking here.

GE Certification: Students must file a request for certification of CSU GE with SRJC Admissions & Records.

2018-2019 IGETC NOTES

.

- **Effective terms** are noted after some courses, for example CHLD 10[F92] denotes that this course must have been completed in Fall 1992 or later to meet the IGETC requirement.
- **Completion of all requirements in the Intersegmental General Education Transfer Curriculum (IGETC)** will permit a student to transfer from a community college to a campus in either the California State University or University of California system without the need after transfer to take additional lower-division General Education courses to satisfy campus General Education requirements.
- **Completion of the IGETC is not a requirement for transfer to the CSU or UC** (Click here see CSU or UC Minimum Transfer Eligibility Requirements under "Transfer Center" in the current SRJC *Catalog*), nor is it the only way to fulfill the lower-division General Education requirements of the CSU or UC prior to transfer. Depending on a student's major and field of interest, the student may find it advantageous to take courses fulfilling the CSU's GE-Breadth requirements or those of the specific UC campus or college to which the student plans to transfer. It should also be noted that there might be other CSU or UC graduation requirements in addition to IGETC.
- **On UC campuses, some colleges or schools do not accept the IGETC as complete fulfillment of lower division breadth.** In addition, the IGETC is not recommended for some majors. Please talk to your counselor about your major and target UC campuses. For the most recent articulation information, click here to see ASSIST.org.
- **Advanced Placement (AP)** For more information about using Advanced Placement (AP) credit to fulfill general education requirements, please see SRJC Advanced Placement Exam Credit Worksheet by clicking here.
- **International Baccalaureate (IB) scores of 5, 6, or 7 on some Higher Level exams** may fulfill IGETC requirements except in Areas 1 and 5C lab.
- **The Laboratory science requirement** must correspond to one of the lecture physical or biological science courses taken to fulfill the IGETC requirement. A student cannot use lecture courses in two subjects and a laboratory in a third subject.
- **The course requirements for all areas must be completed in order to be fully certified. All courses must be completed with grades of "C" or better or "P".** (At SRJC, P = C grade or better.)
- **Partial certification**, completing all but two (2) courses on the IGETC pattern, may be an option for some but not all students. Certain university programs may require full certification. Also, please note that minimum eligibility requirements must still be met. If you are considering partial completion, please discuss it with a counselor. There are several ways to complete the missing courses after transfer.
- **IGETC for STEM (Science, Technology, Engineering, Math)** applies only to specified Associate Degrees for Transfer (AS-T) in Chemistry and Biology, primarily designed for transfer to the CSU. Students may choose to complete IGETC for STEM if the AS-T program explicitly designates the option. To keep the degree within 60 units, the IGETC for STEM pattern requires one less class in Area 3 and one less class in Area 4, which will be completed after transfer. Please see a counselor for details. **NOTE:** SRJC does not currently have ADT's approved in Chemistry or Biology.
- **IGETC Certification:** Students must file a request for certification of IGETC with SRJC Admissions & Records.

UC Campus Notes: The University of California will accept SRJC courses numbered 1 - 49. However, students should not count credit earned for special topics (48) or independent study (49) toward the 60 units required for admission. The UC campus will evaluate these courses after admission. For the most recent list of UC transferable SRJC courses, click here to see ASSIST.org

UC Campus	Notes *(Notes are reflective of **2016-2017** agreements due to ASSIST delay in current agreements, please be sure to check campus websites.)*
UC Berkeley	IGETC is acceptable for all majors in the College of Letters and Science. IGETC is accepted in the College of Natural Resources; however, specific lower-division major requirements must still be satisfied. The College of Environmental Design accepts IGETC with full certification to fulfill CED's breadth requirements. The Haas School of Business does not accept IGETC. IGETC is not appropriate for the colleges of Engineering and Chemistry. Check with the college or click here to see ASSIST.org for more information.
UC Davis	All undergraduate colleges accept IGETC. However, Bachelor of Science degrees and high-unit majors often have many courses of lower-division preparation. In these cases, IGETC is not recommended, and the UCD GE pattern is the better choice.
UC Irvine	All schools accept IGETC. However, selection by the campus is based on demonstrated academic achievement and preparation for the intended major. IGETC may not be ideal for students transferring in engineering, mathematics, or science majors.
UCLA	The School of Engineering & Applied Science does not accept IGETC. The College of Letters & Science and the School of Arts & Architecture strongly encourages California community college students to complete IGETC. IGETC certification is required for admission to the Generic/Pre-licensure Nursing program. The School of Theater, Film & Television requires completion of either the School's GE requirements or IGETC for admission.
UC Merced	The School of Engineering and the School of Natural Sciences do not recommend IGETC. The School of Social Sciences, Humanities, and Arts strongly recommends completion of IGETC to meet general education requirements.
UC Riverside	The College of Engineering accepts IGETC, but additional breadth coursework may be required after enrollment. The College of Natural & Agricultural Sciences does not accept IGETC. The College of Humanities, Arts, & Social Sciences accepts IGETC. Business Administration majors must complete IGETC (recommended) or the UCR breadth pattern for the College of Humanities, Arts, & Social Sciences.
UC San Diego	IGETC is accepted by John Muir, Earl Warren, Sixth and Thurgood Marshall colleges. Although IGETC is accepted at Eleanor Roosevelt and Revelle Colleges, some additional coursework may be required after enrollment.
UC Santa Barbara	IGETC is accepted by the College of Letters & Science and the College of Creative Studies. For the College of Engineering, IGETC may be used to substitute for most GE requirements, and students may wish to choose IGETC courses that concurrently satisfy a "depth requirement" prior to transfer with a year-long sequence in the history of world civilization, Western civilization, United States, Western philosophy, or Western art, or with upper division coursework after transfer.
UC Santa Cruz	IGETC is not appropriate preparation for the School of Engineering or any major in the physical and biological sciences.

Associate Degree for Transfer

Requirements for the Associate in Arts for transfer (AA-T) or

Associate in Science for transfer (AS-T)

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is a designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

Please refer to the website www.santarosa.edu/majors for more information.

Requirements

The following is required for all AA-T or AS-T degrees:

1. Minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.
3. Completion of a minimum of 18 semester units in an "AA-T" or "AS-T" major as detailed in the Degree, Major, and Certificate Programs Section 6 of the catalog. All courses in the major must be completed with a grade of C or better or a "P" if the course is taken on a "pass-no pass" basis (title 5 § 55063).
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth, Option B) (see the back of this schedle for more information); OR the Intersegmental General Education Transfer Curriculum (IGETC) Option C pattern (see the back of this schedule for more information).

Piner Early College Magnet Program

Santa Rosa City Schools and Santa Rosa Junior College share a unique partnership known as the Piner High School-SRJC Early College Magnet Program. This partnership provides qualified high school students dual enrollment opportunities, allowing them to earn college credits while earning their high school diploma. This exceptional educational opportunity establishes a four-year cohort providing Early College Magnet Program students with accelerated learning in the company of other college students.

Piner Early College Magnet Program students receive special counseling services from both the high school and SRJC. Each student is provided with a personalized education plan. Students also complete SRJC counseling courses to prepare them for college success.

As high school juniors and seniors, students attend four periods at Piner High School and enroll in as many as two college courses per semester at the SRJC Santa Rosa Campus. Their courses of study are guided by their personal education plans and lead to the completion of a certificate, associate degree, or university transfer.

SRJC enrollment fees are exempted for high school dual enrollment students and all required SRJC textbooks are provided at no cost to students enrolled in the Piner Early College Magnet Program. A designated SRJC counselor provides support and instruction for the students, while SRJC staff members coordinate the program for the college. The high school supports the program by providing bus transportation to SRJC's Santa Rosa Campus, staff for high school counseling and coordination of the program for the high school, as well as marketing and outreach for student recruitment.

For further information, contact: Karen Coster, Early College Magnet Program Coordinator, Piner High School, at (707) 528-5230 or kcoster@scrs.k12.ca.us.

Parking Information and Regulations

A parking permit entitles the holder to park on campus when space is available. At peak class periods, all lots may be full. Alternate methods of transportation are strongly encouraged. A permit entitles students to park in a student parking space (between two **white** lines), between the hours of 5:00am and 11:00pm. After 3:00 pm, students with current permits may park between two **yellow** lines (with the exception of staff lot B which stays reserved until 7:00pm, loading zones, Petaluma and Windsor campus staff parking). Motorcycles and mopeds may park in designated areas **only**! Neither is allowed to be parked in a regular vehicle space. Any vehicle not properly parked is subject to a citation and possible tow-away at owner's expense. The overnight parking of vehicles requires advanced permission from District Police.

Permit Parking

Parking permits are required to park on all District properties including the Santa Rosa campus, Petaluma campus, Shone Farm, and the Public Safety Training Center in Windsor. Student parking permits are available at the Accounting Office in Bailey Hall, and the Business Services Office at the Petaluma campus. If you pay for parking through the mail or telephone registration, save your receipt; your permit will be mailed after all fees are paid. Permits must be hung on the rearview mirror of the vehicle beginning the first day of school. Permits are required seven days a week, 24 hours a day.

Permit Fee: A student parking permit for an automobile is $60 per semester. ASB card holders and Gold Card holders (age 60 and older) may purchase a permit for $55 per semester (not cumulative). A parking permit for a motorcycle is $10* per semester. ASB card holders and Gold Card holders may purchase a motorcycle permit for $5.50* per semester.

Refunds: Refunds for semester length parking permits are issued through the District Accounting Office. You must come to the Accounting Office in Bailey Hall and apply for a refund. You must turn in your semester permit to be considered for a refund. No refunds will be processed after September 15, 2017 (**No Exceptions!**).

Parking Permits: Daily parking permits ($4.00*) are available from coin operated machines in parking lots located on the Santa Rosa campus, Petaluma campus, and the Public Safety Training Center in Windsor. Some permit machines give change; others require exact change. Permits are valid for the day on which the permit was purchased. Daily parking permits and semester length parking permits are not valid in metered spaces. If the permit machine is out of order, use the next available permit machine and notify District Police.

Accessible Parking

Visitors on District properties, not enrolled in courses, who have a valid DMV disabled placard, disabled person's license plate, or disabled veteran's license plate displayed may park in parking spaces without a SRJC parking permit or metered spaces without depositing money. SRJC students and employees who have a valid DMV disabled placard, disabled person's license plate, or disabled veteran's license plate displayed must purchase a parking permit.

Visitor Parking

Permits are required anytime a vehicle is parked on any District property including the Santa Rosa campus, Petaluma campus, Shone Farm, and the Public Safety Training Center in Windsor. Visitors may purchase daily parking permits (see above) or park in one of the metered spaces. Parking permits are not valid in metered spaces. Vehicles parked in a metered parking space in excess of the limit posted will be cited. Meters are enforced seven days a week, 24 hours a day.

Parking Citations

Parking regulations are strictly enforced seven days a week, 24 hours a day.
